

LoRaWAN®  
ACM  
CM3010

**ELSTER/HONEYWELL**

LoRaWAN® Absolute Encoder Communication Module (ACM) enables the acquisition of gas consumption data from Elster/ Honeywell Absolute Encoder AE2 and AE3 gas meters and transmits it wirelessly to the available LoRaWAN® network.

LoRaWAN® ACM is meant to be attached to the existing gas meter.

# OVERVIEW

## Efficient

LoRaWAN® ACM has bidirectional, battery powered, long range transceiver with low power consumption.

## Intelligent

Real-time absolute consumption data is gathered wirelessly and processed automatically. Data is accessible from your LoRaWAN® provider.

# APPLICATIONS

## Gas metering

Frequent reporting provides a detailed usage overview.

# FEATURES

- Long range wireless data transmission
- Absolute Encoder AE2 and AE3 reading
- Pre-installed long-life battery
- Gas metering
- Configurable reporting interval
- Maintenance free - install & forget
- Easy installation
- Average life 10 years\*
- Secure communication

\* Lifetime depends from the device location and reporting interval.

# SPECIFICATIONS

Width:	47.0 mm
Height:	102.0 mm
Length:	123.0 mm
Weight:	200g
Operating temperature:	-20°C ... +65°C
Communication range:	up to 15km*
Tx power:	up to +20dBm
Rx Senitivity:	-140dBm
MAC Layer:	LoRaWAN®
Physical Layer:	LoRa®
Body material:	PC
IP Rating:	54
Communication:	LoRaWAN®

\* Communication range is dependent on the location of the sensor and nearest base station.

# COMMUNICATION

Bit order:	LSB
Usage reporting:	Unconfirmed messages
Status reporting:	Confirmed messages

# PORT LIST

fPort	Usage	Format	Uplink	Unit	Comment

# REVISION HISTORY

- 1.0 - First version
- 1.1 - Added ordering details.
- 1.2 - Communication protocol & battery info added
- 1.3 - Consumption field size corrected. Compatibility added.
